## PROFILE

---

Mokter joined our team with a wealth of experience and a deep commitment to providing high-quality paediatric care. With a diverse background in multiple healthcare settings, he brings a comprehensive understanding of the unique needs of children and a passion for helping them thrive.

### About Mokter:

Mokter is a compassionate and skilled Occupational Therapist with extensive experience in paediatric care. His professional journey spans across a wide range of settings, including paediatrics, geriatrics, A&E, acute inpatient care, and rehabilitation. Over the years, Mokter has developed a deep understanding of the developmental, sensory, and motor challenges children face, refining his ability to assess and support their individual needs.

At the core of Mokter's approach is a client-centred philosophy. He works closely with children and their families to set meaningful goals, empowering them to overcome obstacles and achieve greater independence in their everyday activities. Mokter's holistic approach ensures that each child receives personalised care that addresses their specific needs, whether focused on fine motor skills, sensory integration, or functional activities.

### Mentorship and Professional Development:

Mokter is dedicated to continuing his professional growth and expertise in paediatric occupational therapy. He consistently seeks opportunities to expand his knowledge and integrate the latest research and best practices into his work. Mokter's commitment to providing high-quality care is evident in his tailored and thoughtful approach - ensuring that each child receives the best possible support.

At Hopscotch, Mokter's dedication to improving the lives of children and his passion for their development make him an invaluable part of our team. His commitment to fostering growth, independence, and well-being in children ensures that they can overcome challenges and achieve their full potential. Through his holistic, client-centred approach and continuous professional development, Mokter plays a key role in helping children thrive.
